The 2 week rotation above will repeat itself throughout the year

- A personalized, instructional video created by the classroom teacher will be posted for each class in accordance with the in-person instructional day.
- The in-person instructional materials and resources will be posted for each class in accordance with the in-person instructional day.
- Supplemental videos and online instructional materials will be posted throughout the week to support the student's learning.
- A Google form will be sent to students for each class, to assess where they are in their learning progression.
- Teachers will connect with their virtual students through a live Google Meeting at least once per week. An attempt will be made in each building to try and stagger these Google Meet opportunities throughout the day for families.
- Teachers will provide feedback to their students on assignments, projects, etc. throughout the week.
